No.:- Admn/O&M/Pb Circle/Circle Council/2016-19/35 Dated 07.2017 | 5-8-2017

Sub.:- Circle Council meeting- provision of mobile sets to staff posted for maintenance works- reg.

Circle Council meeting of Punjab Circle has been held on 18.07.2017 under the Chairmanship of CGMT Punjab Circle. During the deliberations, staff side members in the council expressed that the staff posted in maintenance are facing difficulties in attending day to day faults due to non provision of Mobile instruments. At present, whenever a fault docket is booked in 198, the Telecom Technician will get SMS on his mobile. At present the Telecom Technician is getting this SMS on his own Mobile instrument (though the SIM with free talk time is provided by BSNL). The staff side members requested that cost of the Mobile instrument for all such outdoor staff may be reimbursed periodically, as is being done in case of executives.

In this connection, the staff side, during Circle Council meeting, has suggested that all the Telecom Technicians who are engaged in attending faults in outdoor (including cable staff) may be reimbursed the cost of mobile instruments @ Rs. 1000/-(One thousand only), once in every three years. The approximate expenditure once in three years will be Rs. 16,25,000/-(Rs sixteen lakhs & twenty five thousand only) for Punjab Circle.

In view of above, the case is sent for consideration and further necessary action please.
